Fri 07	92°/76°	Partly Cloudy	24%	E 13 mph
Sat 08	92°/75°	Mostly Sunny	24%	E 13 mph

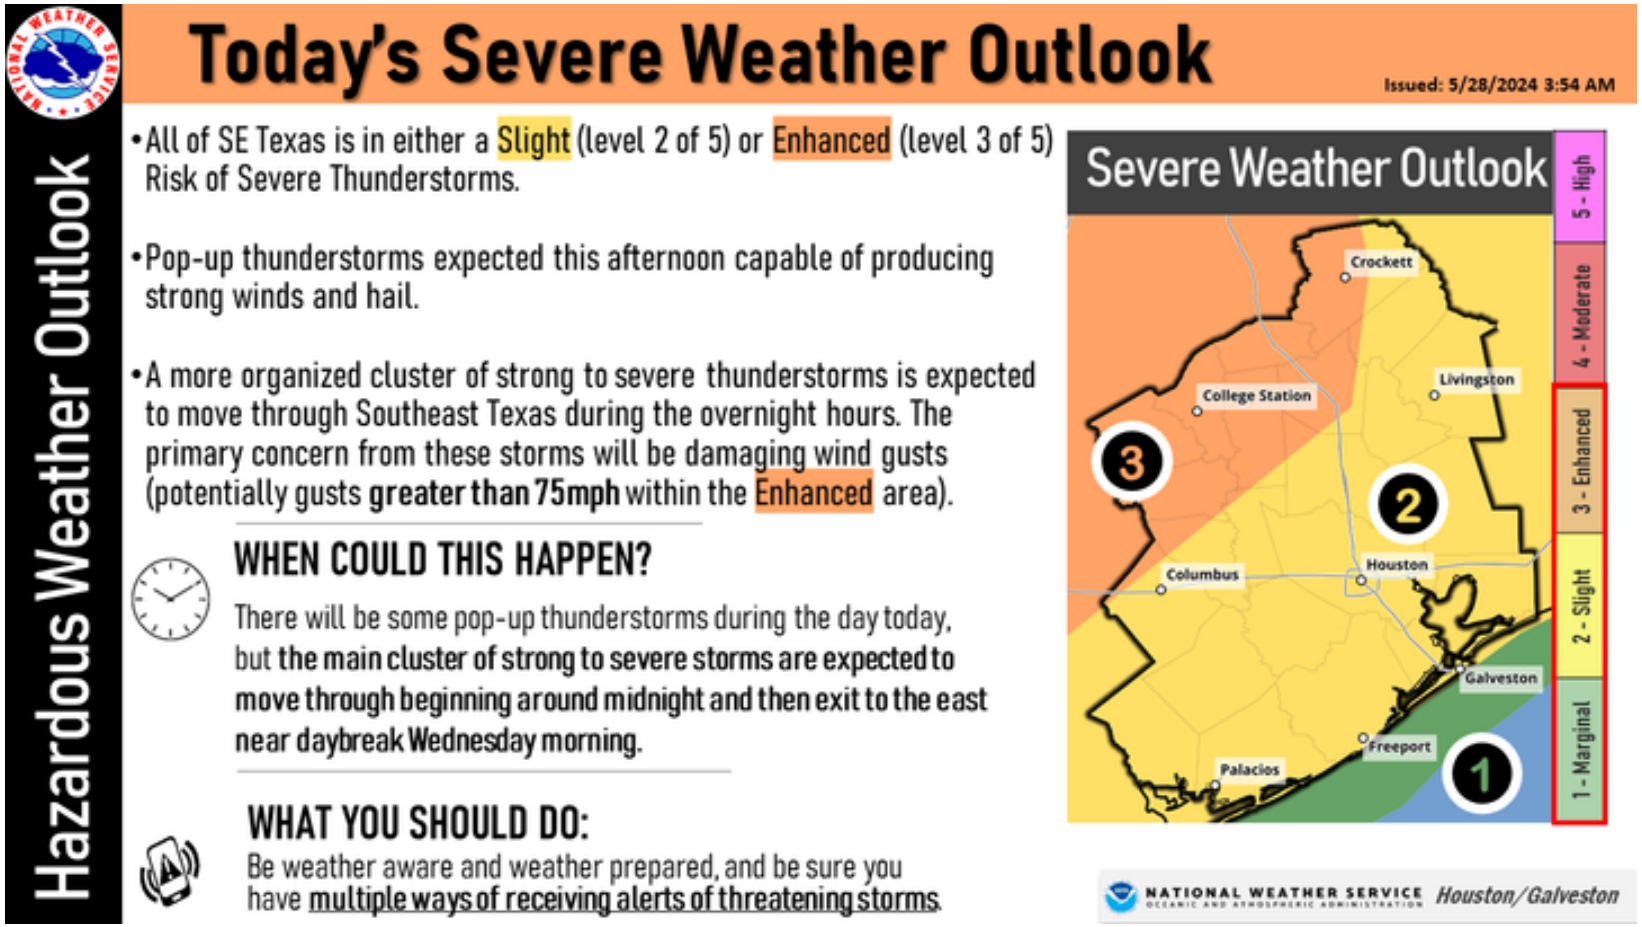

Today's Weather

Today's Outlook. Another hot and humid day is expected with afternoon showers and thunderstorms possible. Strong to severe storms are possible tonight.

Today's Weather

Strong to severe storms are possible today into tonight. Pop-up thunderstorms are possible this afternoon bringing the threat of hail and strong winds. Then a cluster of strong to severe storms are expected to move through the region overnight tonight through daybreak Wednesday with the potential of producing damaging wind gusts.

Today's Weather

Hazardous Weather Outlook

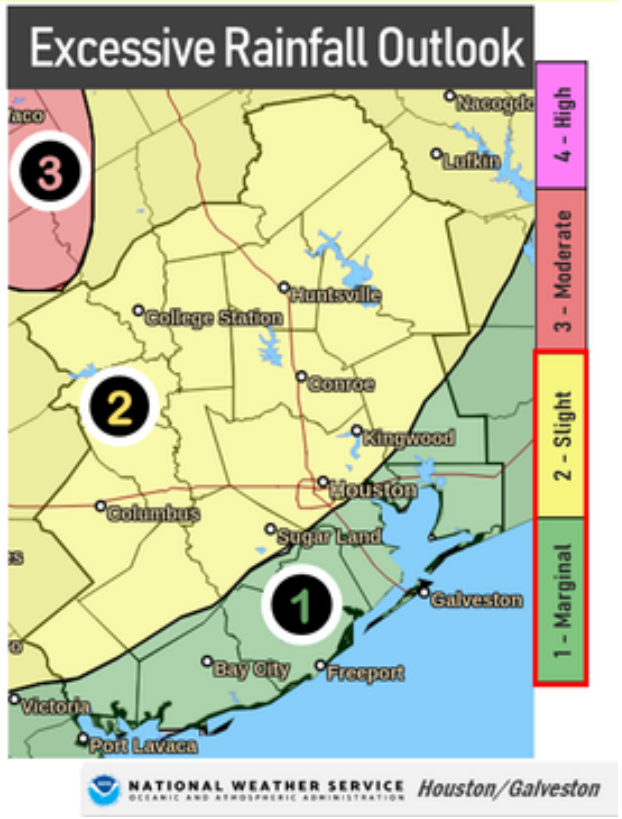

Today's Excessive Rainfall Outlook

Issued: 5/28/2024 4:16 AM

- All of SE Texas is in either a Slight (level 2 of 4) or Marginal (level 1 of 5) Risk of Excessive Rainfall Thunderstorms.
- Generally expecting up to 1-2" of rainfall through Wednesday morning, but isolated higher amounts of 3-5" is possible with the stronger storms overnight.
- Risk of training thunderstorms is low, but rainfall rates will be fairly high (1-3" per hour).
- Minor urban and small stream flooding is the most likely impacts from the heavy rainfall.

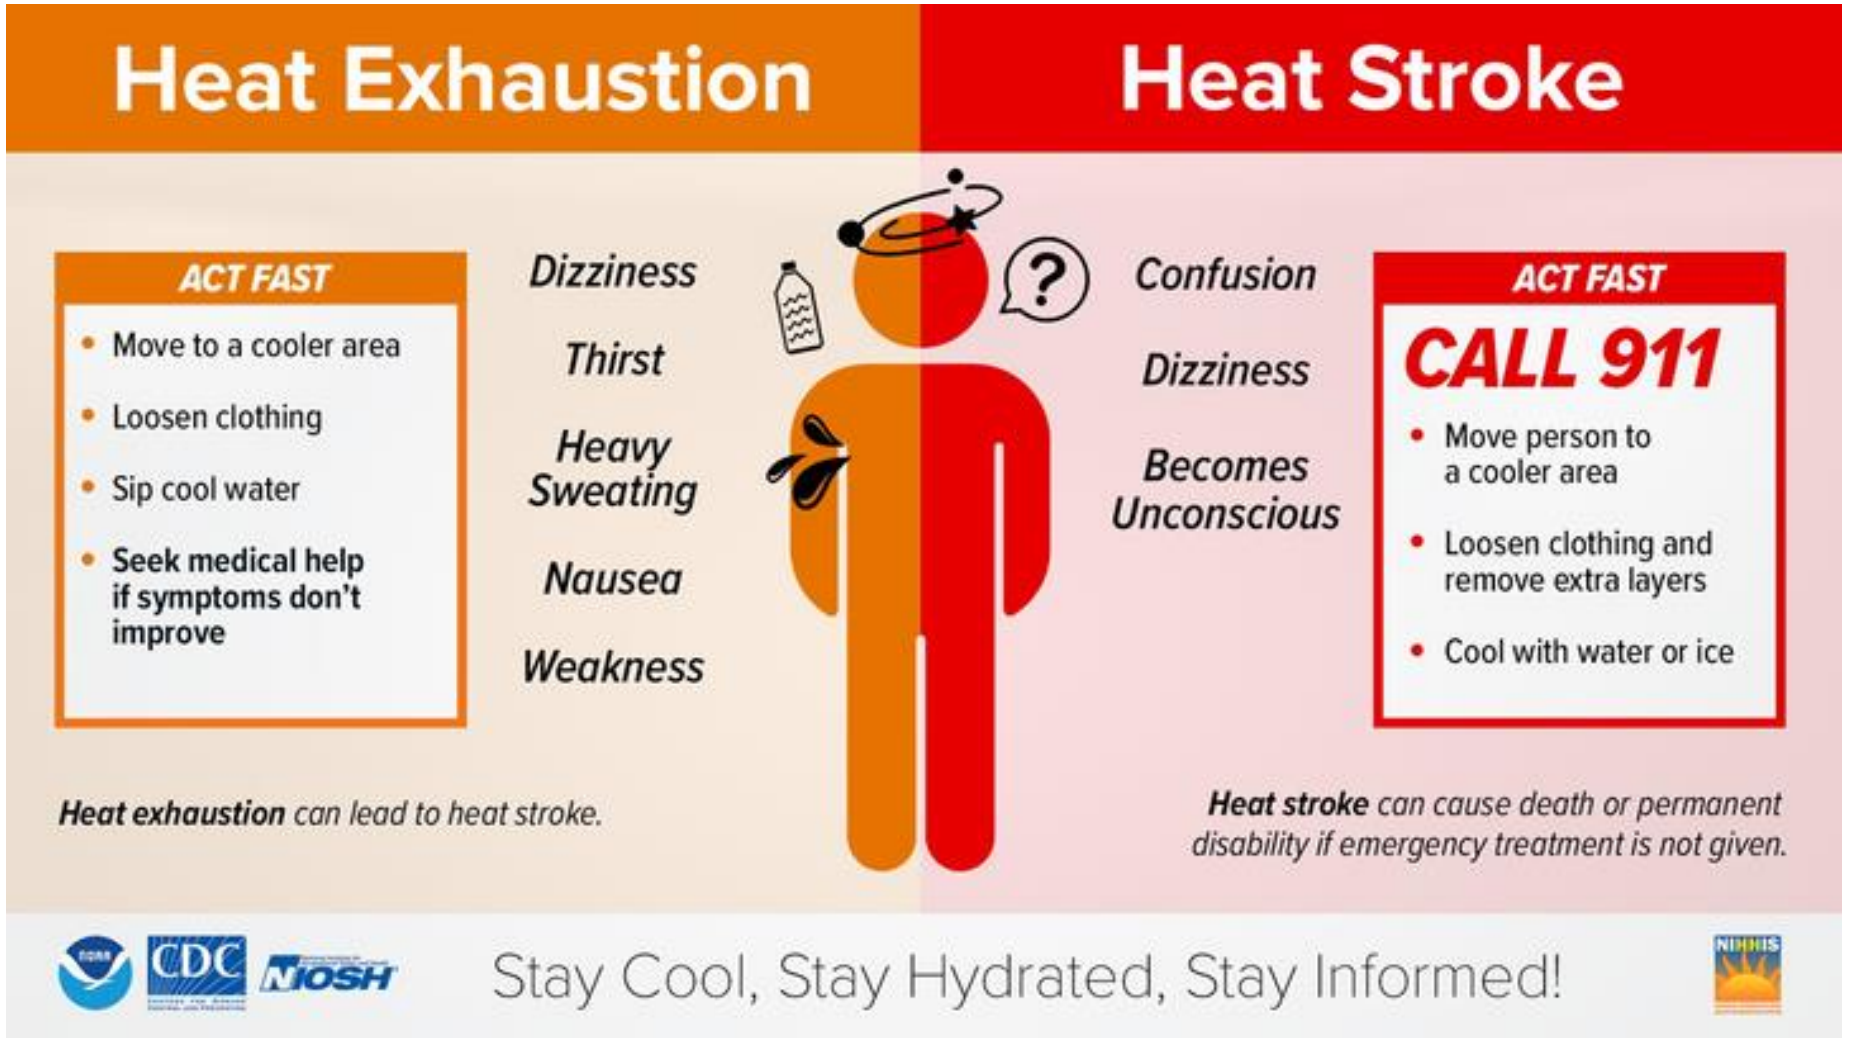

WHAT YOU SHOULD DO:

Be weather aware and weather prepared, and be sure you have multiple ways of receiving alerts of threatening storms.

Locally heavy rainfall is possible tonight leading to minor urban and small stream flooding

Crisis Cleanup Harris County

Be Strategic!

tarps

trees on houses or blocking access

Crisis Cleanup – Expires 31 May

Will We Extend?

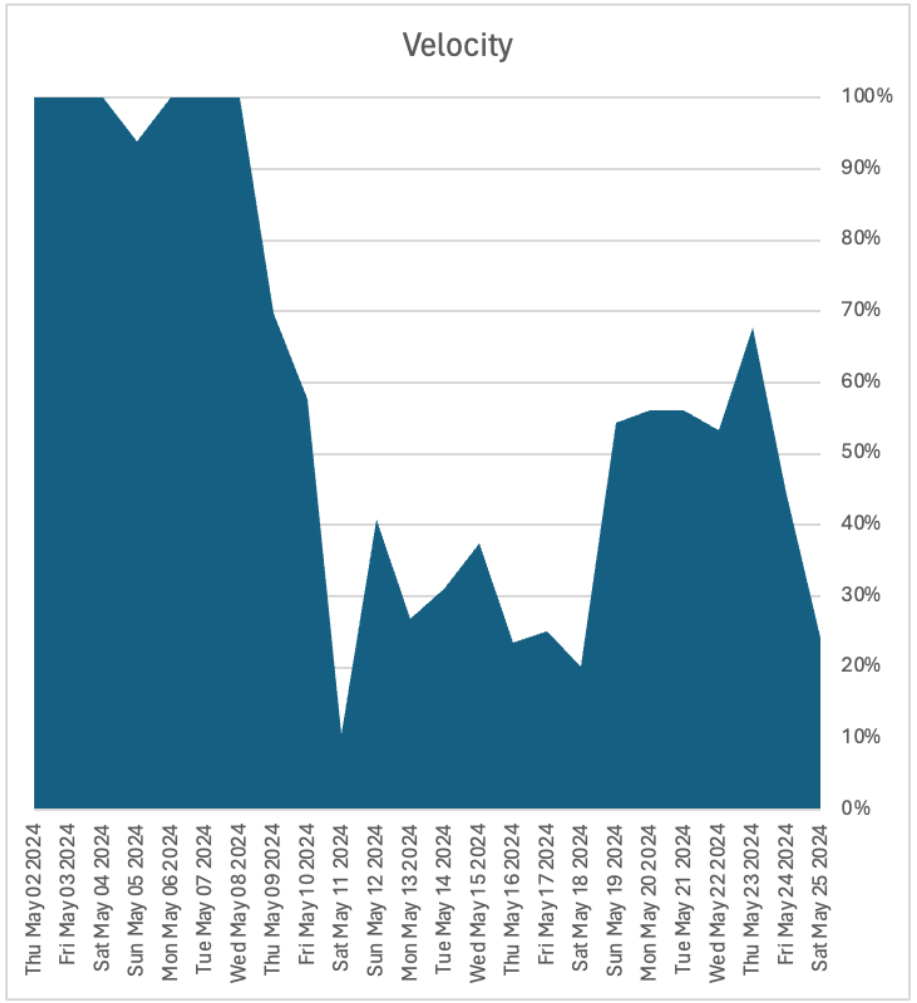

Are there more jobs to enter?

Are there volunteers to man the phones?

Is volunteering still strong?

When it expires?

No phone line. Call downs continue. We can still record new jobs; enter and claim jobs; and record work completed and close jobs.

Tarps

You must submit a Sit Rep requesting tarps.
Please include the number of tarps and crews working over the next week.

Received 364, Allocated 200. Balance 164

Harris County Debris Management

1. Separate vegetative debris, such as tree branches and plants, from construction and demolition debris, as they will be collected separately.
2. Do not bag debris. Only loose debris will be collected.
3. Do not place debris near drainage ditches, storm drains, mailboxes, water meters, fire hydrants, low-lying limbs, or any other above-ground utility such as transformers and power lines.
4. Only debris placed in the appropriate area will be eligible for collection.
   If all debris is not picked up during the first pass, continue to push remaining debris closer to the curb for collection on future passes.
5. Regular household trash should be disposed of with the regular collection of garbage.
   Spoiled food items should be thrown out in the regular trash, never mixed with storm or construction debris.

RFAs

Community Lifelines
