

# Texas Gulf Coast Regional Voluntary Organizations Active in Disaster

COOPERATION | COMMUNICATION | COORDINATION | COLLABORATION

July 29, 2024

Thank you for your recent and perhaps ongoing response to the short-term recovery effort following Hurricane Beryl. The TGCRVOAD is actively engaged with completing the transition in leadership to the Long-Term Recovery Committees in each county,

## **After Action Review**

As you know, the TGCRVOAD promotes cooperation, communication, coordination, and collaboration during short-term recovery. TGCRVOAD is committed to this role and continuously improving our “playbook.” The After-Action Review or AAR provides the TGCRVOAD with important feedback for honing our practices and helping our members assist as many people as possible.

[Here is the link to the After-Action Report for Hurricane Beryl.](#) Please take a few minutes to thoughtfully complete it. Your feedback will be reviewed by the TGCRVOAD’s Executive Committee and reported to the General Membership at our next meeting.

## **Join the TGCRVOAD**

If you are already a member of the TGCRVOAD, we thank you for your support and look forward to seeing you at our next meeting. Our next scheduled meeting is Wednesday, September 11<sup>th</sup>. We may try to meet once before then to catch up on our July Meeting, which was postponed by the Beryl response.

If not, we offer you the opportunity to [join TGCRVOAD](#) for our blue-sky activities. We meet six times a year on the second Wednesday of January, March, May, July, September, and November from 0930-1100. Four meetings a year are in Harris County, while at least two are held in counties other than Harris. Membership dues are \$50 per year. Our blue-sky activities focus on education and training to prepare for responding to an event. We would love to have you join us!

In service,

Gary

Gary Flaharty  
Chair, TGCRVOAD
