# Safety

## After the Storm: **CLEANING UP**

### **Don't push yourself**

Straining the body can lead to heart attacks and other serious issues. Perform cleanups slowly, taking lots of breaks.

### **Be careful with chainsaws**

Wear protective gear. Keep a safe distance from bystanders. Avoid contact with fallen power lines to prevent electric shock. If you aren't trained to use them, leave power tools to the experts.

### **Stay safe in the heat**

Stay hydrated. Wear light, loose-fitting clothing. Take breaks in shaded areas or in air conditioning. Cleanup during cooler hours if possible.
